## IMPACT

New Sonance Impact Subwoofers are engineered for maximum performance. Featuring a new laminar flow port design and Sonance Laser Measure Technology (SLMT), Impact subwoofers have precise linear excursion, allowing pure low-end bass without distortion.

## WIRELESS TRANSMITTER

With the addition of the optional Sonance Wireless Transmitter, the D8 placement becomes totally flexible. The transmitter range is 30' allowing the D8 to live anywhere in the room.

Download the SONARC App from the iOS App Store to enable a custom sound. Follow the simple step-by-step configuration to unlock 16 variable bands of equalization and enjoy the full potential of the D8 subwoofer.
