You make it happen. We've got your back.

## INTRODUCTION

# Expect more.

Samsung is fueled by a relentless passion to deliver cutting-edge and innovative products. Technology designers and custom installers are looking for solutions to create incredible experiences for their clients. At Samsung, everything we do is to bring you the products and services that ultimately make your clients say “wow.”

## DESIGN INNOVATIONS

Imagine a TV that is not restricted to size, resolution or form. Introducing The Wall. This modular MicroLED display delivers a revolutionary viewing experience with pure black, true color and epic clarity. This display redefines epic.

## QLED 8K

With 16 times the resolution of HD, Samsung QLED 8K TVs are designed to bring breathtaking detail to the largest screen sizes. And AI upscaling ensures that every visual is stunning.

## The Frame

Transforming from a beautiful QLED TV when it's on to a museum-quality art piece when it's off, The Frame is perfect for those who value exquisite design and technological innovation.

## ★ PROGRAMS

We provide tech designers the support programs, training and resources to provide solutions to meet each and every client's individual needs.

# 04

## ★ SUPPORT

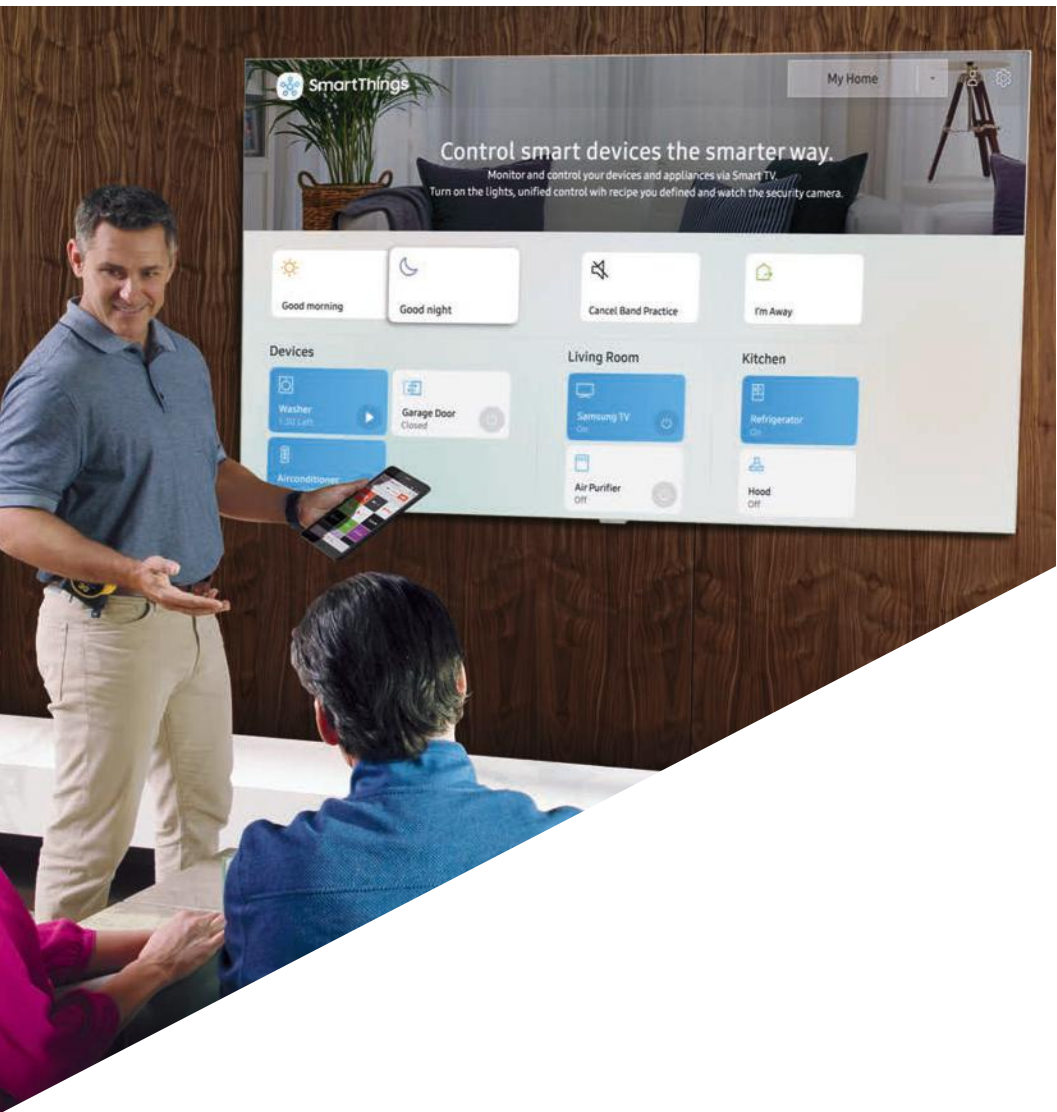

The Samsung commitment to providing the highest level of care is most important. Our dealers are always connected with just a call or email to our dedicated support technicians to help you every step of the way.

# 05

## ★ RESOURCES

Our specially designed Custom Install Portal was designed with you in mind. Clients will find useful product information with Home Automation in mind. Designers and installers have a separate section with easy access to 2D drawings, control codes, support documentation, mechanical drawings, spec sheets and compare charts, not to mention the latest news on products and services—all in one place.
