

SPL5QC SoundBar

5" LEFT, RIGHT OR CENTER SOUNDBAR - 3.5" DEPTH

Size	5.75 h x custom w x 3.5 d (in) 146 h x custom w x 89 d (mm)
Freq Response	65Hz-24kHz±3dB
Impedance	8 ohms
Sensitivity	89dB 2.83V /1m
Power req.	25-150W/Channel
Woofer	(4) 5.25" (133mm) Aluminum
Tweeter	(4) 0.75" (19mm) Aluminum
Finishes	STUDIOBK, STBK, GLBK, DKTl, LITl, MRSLV
Brackets	PL-B-CUSTOM (Ordered Separately)

COLOR CODES:
Studio Black (STUDIOBK)
Satin Black (STBK)
Gloss Black (GLBK)
Dark Titanium (DKTl)
Light Titanium (LITl)
Mirror Silver (MRSLV)

(4) 5.25" (133mm) Aluminum Cone Woofers (4) 0.75" (19mm) Aluminum Dome Tweeters in Quad-Arrays

The SPL5QC SoundBar sets new levels in sound output and wide frequency response. James Loudspeaker has taken their proprietary quad-tweeter technology from the BE reference series and scaled it down to a compact array of four 0.75" (19mm) aluminum dome tweeters to provide a wide dispersion angle. When combined with James' high output 5.25" (133mm) woofers, the SPL5QC has a remarkable 89dB sensitivity with bass down below 65Hz, delivering high efficiency, low distortion, and crisp clear audiophile sound. Designed as a center channel, the SPL5QC is perfect for any single channel application, including right, left, or center channels.

The cabinet design features all aircraft grade aluminum for strength, sonic performance, and suitability for outdoor/marine applications. Complete with a custom fit and colored stainless steel perforated grille, this SoundBar mounts directly to any TV. James custom fits each SoundBar to fit your TV perfectly to seamlessly integrate this speaker into any entertainment system, delivering a subdued visual effect, designed to be as unobtrusive as possible. Also available for wall mounting or configurable for other custom applications, this SoundBar combines high quality audio with elegant design for the perfect home entertainment solution.

Brackets ordered separately. For outdoor/marine applications, order the SPL5QCM.

The SPL5QCS SoundBar sets new levels in sound output and wide frequency response. James Loudspeaker has taken their proprietary quad-tweeter technology from the BE reference series and scaled it down to a compact array of four 0.75" (19mm) aluminum dome tweeters to provide a wide dispersion angle. When combined with James' high output 5.25" (133mm) woofers, the SPL5QLR has a remarkable 89dB sensitivity with bass down below 65Hz, delivering high efficiency, low distortion, and crisp clear audiophile sound. Designed to use centergy technology, this SoundBar pair combines a right and left channel in either bar with a center channel split between the two, perfect for applications where 3 channels are needed, but the available space is only to the sides of the TV.

The cabinet design features all aircraft grade aluminum for strength, sonic performance, and suitability for outdoor/marine applications. Complete with a custom fit and colored stainless steel perforated grille, this SoundBar mounts directly to any TV. James custom fits each SoundBar to fit your TV perfectly to seamlessly integrate this speaker into any entertainment system, delivering a subdued visual effect, designed to be as unobtrusive as possible. Also available for wall mounting or configurable for other custom applications, this SoundBar combines high quality audio with elegant design for the perfect home entertainment solution.

Brackets ordered separately. For outdoor/marine applications, order the SPL5QLRM.

SPL5QLR-P POWERED SoundBar

5" SHALLOW DEPTH STEREO POWERED SOUNDBAR - 3.5" DEPTH

Size	5.75 h x custom w x 3.5 d (in) 146 h x custom w x 89 d (mm) (Min width 48" (1219.2 mm))
Freq Response	60Hz-24kHz±3dB
Max SPL	106-109 dB/1m
Woofer	(2-8) 5.25" (133mm) Aluminum
Tweeter	(8) 0.75" (19mm) Aluminum
Finishes	Studio Black (STUDIOBK), Satin Black (STBK), Gloss Black (GLBK), Dark Titanium (DKTI), Light Titanium (LITI), Mirror Silver (MRSILV)
Brackets	BRK.SPL5.UN (Ordered Separately)
Amp Power	2 x 100 watts, Bi-amped
Inputs	AUX/Analog In (RCA Jacks), Coax Digital In (RCA Jack), Optical/Digital In (TosLink), HDMI-ARC, Bluetooth
Outputs	Subwoofer Pre-Out (RCA Jack)

(2-8) 5.25" (133mm) Aluminum Cone Woofers (8) 0.75" (19mm) Aluminum Dome Tweeters in Quad-Arrays Built-In 2 x 100 watt amplifier with IR sensor

The SPL5QLR-P Powered SoundBar features a James Loudspeaker designed amplifier built into the center of the bar. The powered SoundBar amplifier inputs include HDMI-ARC, optical, and others (see input section to the left). It sets new levels in sound output and wide frequency response. James Loudspeaker has taken their proprietary quad-tweeter technology from the BE reference series and scaled it down to a compact array of four 0.75" (19mm) aluminum dome tweeters to provide a wide dispersion angle. When combined with James' high output 5.25" (133mm) woofers, the SPL5QLR-P has bass down below 60Hz, delivering high efficiency, low distortion, and crisp clear audiophile sound. Designed as a left and right channel, the SPL5LR-P is perfect for any stereo system application.

The cabinet design features all aircraft grade aluminum for strength and sonic performance. Complete with a custom fit and colored stainless steel perforated grille, this SoundBar mounts directly to any TV. James custom fits each SoundBar to fit your TV perfectly to seamlessly integrate this speaker into any entertainment system, delivering a subdued visual effect, designed to be as unobtrusive as possible. Also available for wall mounting or configurable for other custom applications, this SoundBar combines high quality audio with elegant design for the perfect home entertainment solution.
