

42UE UE SERIES

3.5" 2-WAY FULL RANGE UNDER EAVE LOUDSPEAKER - 1.5" DEPTH

(1) 1" (25 mm) Soft Dome Tweeter

(1) 3.5" (89mm) Aluminum Woofer

The Under-Eave series of speakers is exactly what you'd expect from James Loudspeaker, high quality audio and durability in a sleek, versatile, under-eave design. The 42UE is the smallest of these multi-use speakers. Boasting an ultra-slim design at only 1.5" this speaker easily integrates into any environment, both indoor and outdoor. With the James high excursion proprietary woofer, and a neodymium silk dome tweeter, this compact speaker offers silky smooth response across a broad range of frequencies from 22kHz all the way down to below 100Hz. This versatile speaker pairs perfectly with the James SPL3 series to provide a compact, ultra-slim surround sound system, delivering crystal clear audio with minimal visual impact. It can also easily be used as a standalone on-wall or bookshelf speaker with or without a companion James subwoofer.

The 42UE is constructed entirely of aircraft grade aluminum for strength, sonic performance, and durability, and includes an aluminum perforated grille to provide years of trouble free use. Blind through holes are incorporated into each speaker for wall mounting or brackets can be purchased separately.

Size	10 h x 4 w x 1.68 d (in) 254 h x 102 w x 43 d (mm)
Freq Response	100Hz-22kHz±3dB
Impedance	8 ohms
Sensitivity	86dB 2.83V /1m
Power req.	25 -100 watts
Woofer	(1) 3.5" (89mm) Aluminum
Tweeter	(1) 1" (25mm) Soft Dome
Mount	Through Hole (Optional Brackets)
Finishes	Gloss White, Satin Black, or Custom

43UE UE SERIES

3.5" 2-WAY FULL RANGE UNDER EAVE LOUDSPEAKER - 1.5" DEPTH

(1) 1" (25 mm) Soft Dome Tweeter

(2) 3.5" (89mm) Aluminum Woofers (Active/Passive)

The Under-Eave series of speakers is exactly what you'd expect from James Loudspeaker, high quality audio and durability in a sleek, versatile, under-eave design. The 43UE is just one of these multi-use speakers. Boasting an ultra-slim design at only 1.5" this speaker easily integrates into any environment, both indoor and outdoor. With the James high excursion proprietary woofers, and a neodymium silk dome tweeter, this compact speaker offers silky smooth response across a broad range of frequencies from 22kHz all the way down to below 90Hz. This versatile speaker pairs perfectly with the James SPL3 series to provide a compact, ultra-slim surround sound system, delivering crystal clear audio with minimal visual impact. It can also easily be used as a standalone on-wall or bookshelf speaker with or without a companion James subwoofer.

The 43UE is constructed entirely of aircraft grade aluminum for strength, sonic performance, and durability, and includes an aluminum perforated grille to provide years of trouble free use. Blind through holes are incorporated into each speaker for wall mounting or brackets can be purchased separately.

Size	14 h x 4 w x 1.5 d (in) 355 h x 101 w x 38 d (mm)
Freq Response	90Hz-22kHz±3dB
Impedance	8 ohms
Sensitivity	86dB 2.83V /1m
Power req.	25 -100 watts
Woofer	(2) 3.5" (89mm) Aluminum (Active/Passive)
Tweeter	(1) 1" (25mm) Soft Dome
Mount	Through Hole (Optional Brackets)
Finishes	Gloss White, Satin Black, or Custom
